Acme Corp Employee Benefits Guide 2026

Sample document. Acme Corp is a fictional company. This guide was written for the Nexus demo and describes no real benefits.

About this guide

This guide explains leave, health cover, office allowances and relocation for Acme employees. Questions go to the People Operations team. If this guide and a local employment contract disagree, the contract applies.

Parental leave

Primary caregivers receive 22 weeks of fully paid parental leave. Secondary caregivers receive 8 weeks of fully paid leave. Leave must start within 12 months of the birth or adoption, and employees should tell their manager at least 6 weeks before it starts.

Carrying over annual leave

Up to 5 unused days of annual leave carry over to the next year automatically. Carrying over more than 5 days needs written approval from the employee's People Partner. Carried-over days expire on 31 March.
